

ZIMBABWE VICTIMS SUPPORT FUND

LUPANE REPORT

October 2023

INTRODUCTION

We are enlivened to go back to Lupane in the third term where we held our schools distribution. The schools are always expecting our call to say that we are on our way. We thank God for the work that the ZVSF is doing in ensuring that these children have at least one guaranteed meal every day. This engagement helps us appreciate life and what God has given us as individuals. The sandy soils of Lupane where the earth does not yield so much for its inhabitants it is always humbling for us to see that while a lot of people may be crying for their preferences, these children are only asking for at least a meal a day to survive. We continually praise God for the hope that ZVSF through its wonderful supporters, is bringing to these children who would otherwise be hopeless.

DISTRIBUTION

During the period under review, we increased our soya chunks to 250kg and we will continue to take this amount for the next four trips, and a very big thank you to the wonderful supporter who is making the extra 50kgs possible. We distributed 4.5 tonnes to the 6 schools. We just want all of you to know that you are much appreciated for this wonderful work.

CHALLENGES

This was an exciting trip, first we were delayed by a week because the Timberland Truck was under VID (Vehicle Inspection Department) and, secondly, we had a breakdown with the Timberland truck which took seven hours to rectify and got home around midnight. It's all well that ends well.

CONCLUSION

We are touched by what God is doing with this program.

 Dear Sir / Madam
 RE: ACKNOWLEDGMENT OF RECEIPT OF FOOD SUPPORT,
 I hereby acknowledge receipt of the following food items: 80x10kg roller meal and 40x1kg Soya chunks
 The school is kindly thanking deeply the food we are always getting from Zimbabwe Support Fund.
 Our learners are facing the cloud of hunger hovering in our area about 85% of our learners get a meal a day. This is so because of the rainfall shortage that had turned our area into a desert like.
 Yours faithfully,
 S.Nabe
